We are Catholic Community Services

Rooted in Catholic Social Teaching and the Gospel imperative, Catholic Community Services and Catholic Housing Services are outreaches of the Catholic Church in Western Washington under the leadership of the Archbishop of Seattle and the Boards of Trustees. CCS and CHS answer the Gospel call to loving and compassionate service with particular concern for the sanctity of human life from conception to natural death and the dignity of the human person. Our employees and volunteers come from many faith traditions to serve and support poor and vulnerable people through the provision of quality, integrated services and housing. Our focus is on those individuals, children, families and communities struggling with poverty and the effects of intolerance and racism. We actively join with others to work for justice.

For nearly a century people have entrusted Catholic Community Services to help children, families, individuals, elderly and people with disabilities in need throughout Western Washington. How can you help?
